# Upholstery

There are a hundred-thousand different vinyl and fabric options in the textile world. It can be very overwhelming when selecting an upholstery for your seating. Along with providing you a list of well vetted vendors, we also want to make sure you know a few other things by answering some frequently asked questions.

**What is an upholstery "Grade"?**

Grading is a system ATS uses to put a specific vinyl into a price-point so we can offer standardized quoting. Manufacturers use this system NOT the upholstery vendors. For space purposes, our catalog only lists Grade 4 – 6 pricing. Please contact our office if you're unsure what Grade a vinyl is or how to price higher than a Grade 6.

**Other than looks and style, how do I know if I am selecting a quality vinyl?**

All upholstery vendors should provide a spec sheets for their vinyl lines which can help you compare the difference between upholsteries. The spec sheets will tell you the chemical make up of the vinyl, the contract standards it meets, recommended applications and the abrasion cycles. Since each vendor's vinyl lines are different, we highly recommended visiting their website and reading the spec sheet before choosing one.

**What is an abrasion cycle?**

The upholstery industry has specific standards a product must meet for different applications. One standard is called the Wyzenbeek test. This is where a machine simulates the rub/usage a vinyl would incur when applied to a product - like our booths. This tests the abrasion resistance which begins at a required level of 50k rubs. Abrasion resistance is directly related to quality and how long you should expect your vinyl to last. For instance, you could assume that if you selected an upholstery passing 100k rubs on the Wyzenbeek test, that the upholstery should last close to100k seating's before you need to think about recovering.

| Vendor | Website |
|---|---|
| Burch | www.burchfabrics.com |
| C F Stinson | www.cfstinson.com |
| CGPC America Corp | www.enduratex.com |
| Douglass | www.douglasfabrics.com |
| Keyston | www.keystonbros.com |
| Nassimi Corporation | www.nassimi.com |
| Peachtree Fabrics | www.decorativefabricsdirect.com |
| Spradling Group | https://spradling.group/en-sm |

Helpful Hints:

* Order sample swatches of the vinyl before choosing.
* Digital or online photos of upholstery are not 100% accurate as the color/shade will vary depending on the viewing screen, brighteness, etc.
* Obtain the care and cleaning instructions for your vinyl from the upholstery vendor - most have these guides listed on their website. This step is imperative for maintaining your products because many vinyl's will crack, dry out and rip due to harsh chemicals that are applied when cleaning.

# Chairs & Barstools

## Metal Chairs & Barstools

### Packaging & Shipping (standards)

- Carton size is 20x20x48. 2 Chairs per carton (16 per pallet). 1 Barstool per carton (8 per pallet).
- Common carriers (LTL) are pallet loaded.
- Shipping with dedicated trucks, ONLY booth will be floor loaded (no pallet). All other items will be palletized.
- Add 50 pounds per pallet. Catalog weights include packing materials. Maximum of 6 pallets per LTL is standard.

### Seat Specs

- Solid wood seats are .75 to 1 inch thick.
- Veneer seats are .5 inch thick veneer plywood.
- Black vinyl seats include 1.75 inches of foam.
- Upholstered seats include 2 inches of foam

### Material (COM) Yardage Requirements

- A minimum of .75 yards is required.
- 2 chair or barstool seats can be upholstered per .75 yards.
- Striped or patterns require additional yardage.

### California Technical Bulletin #133 Option

- CAL133 fire retardant layered inner material is available as an option.
- Exception: CAL133 is NOT available for BVS.

# Chairs & Barstools

## Beech Wood Chairs & Barstools

### Packaging & Shipping (standards)

- Carton size is 20x20x48. 2 Chairs per carton (16 per pallet). 1 Barstool per carton (8 per pallet).
- Common carriers (LTL) are pallet loaded.
- Shipping with dedicated trucks, ONLY booth will be floor loaded (no pallet). All other items will be palletized.
- Add 50 pounds per pallet. Catalog weights include packing materials. Maximum of 6 pallets per LTL is standard.

### Seat Specs

- Solid wood seats are .75 to 1 inch thick.
- Veneer seats are .5 inch thick veneer plywood.
- Black vinyl seats include 1.75 inches of foam.
- Upholstered seats include 2 inches of foam
- Floor To Seat Top (Including Glides) est.18”-19” H

### Material (COM) Yardage Requirements

- A minimum of .75 yards is required.
- 2 chair or barstool seats can be upholstered per .75 yards.
- Striped or patterns require additional yardage.

### California Technical Bulletin #133 Option

- CAL133 fire retardant layered inner material is available as an option.

### Brass and Chrome Foot Plate Option

- Optional brass or chrome foot plates are available.

### Optional Backer Sheet for Seats

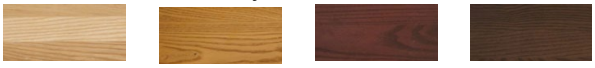

- The underside of upholstered seats are unfinished as standard.
- A fabric underside backer sheet option is available.

**Dimensions/ Height:**

- Standard barstool back heights are 41”-43”.
- Floor to seat top (including) glide is approximately 30”.
- Standard chair back heights are 31-36”.
- Note that the measurement all vary slightly depending on seat and glide.

Natural Cherry DM Walnut

# Packaging & Shipping (standards)

- All tops will be palletized and shipped via common carrier (LTL).
- Tops do not include screws unless purchased with bases (#10, 3/4” wood screws).
- Add 50 pounds per pallet. Catalog weights include packing materials. Maximum of 6 pallets per LTL is standard.

## Laminate Pricing (For Trash Receptables)

- Pricing is based on Wilsonart laminates and varies based on laminate grade:
- **Standard:** Wilsonart suffixes of -38, -60
- **Premium 1:** Wilsonart suffixes: -52, -78, -18, -07, -01
- **Premium 2:** Wilsonart suffixes of -35, -45 and All Formica Laminate
- Contact ATS for pricing of other brands.

# Booths

## Booth Specifications

### Packaging & Shipping (Standard Sizes):

- **Upholstered Booth:** 4 single or 2 single plus 1 double per pallet.
- **Wood Booth:** 2 single or 1 double per pallet.
- **1/2 Circle:** 2 pallets each.
- **3/4 Circle:** 3 pallets each.
- Add 50 pounds per pallet when pricing freight.

### Common Carrier Shipping Dimension Limits:

- Maximum standard is 46” x46” (hxw).
- Maximum common carrier (LTL) shippable length is 72”.
- Maximum of 6 pallets per shipment (per location/day).

### Standard ATS Booth Lengths:

- Single or double booth length is 46”.
- Deuce booth length is 30”.
- 1/2 circle measures 46” x 88” x 46”.
- 3/4 circle measures 46” x 88” x 88” x 46”.
- Wall Benches are sold by the foot length, rounded up.
- All booths (except the Solid Wood Imports) can be created in any lengths with maximum of 8 foot sections.

### Standard ATS Booth Construction:

- Heavy duty poplar hardwood frame, reinforced with fasteners and glued corner blocks.
- Double layered vertical reinforced construction.
- Sinuous spring seat with steel reinforcements and heavy duty connecting links.
- Welt corded seams, removable seats (except in circle booths or corner units).
- Upholstered booths ship with both end caps standard.
- Black vinyl kick plate.

### Standard ATS Booth Dimensions:

- **Dimensions will vary** up to 1” due to differences in foam and coverings.
- **The standard top cap** is 2” wide on all ATS booths.
- **Seat Depth** is 19”.
- **Kick Plate Height** (including glide) is 5”.
- **Single depth** from back to front most point is 23”.
- **Double depth** from backmost to front most point is 43”.

### Finished Outside Backs:

- All ½ and ¾ circle booths have outside upholstered finished backs on the returns only.
- Upholstered Single and Single deuces have upholstered outside finished backs (unless noted otherwise).
- Wall bench outside backs are not finished.

### Material:

- **COM** (Customer’s Own Material) is priced as GR4.
- **Upholstery** is priced in “Grade” groups. Standards are from Grade 4 to Grade 6 depending on raw material fabric yard cost. Contact ATS to determine the grade of chosen upholstery. Multiple colors available at no extra charge.

### Exterior Wood Components:

- Exterior wood components are Oak or Maple standard.
- Interior wood components are poplar and industrial furniture grade engineered wood.
- Natural, Cherry, Dark Mahogany, Walnut and Black finishes are available on wood booths and appropriate options.

# Booths

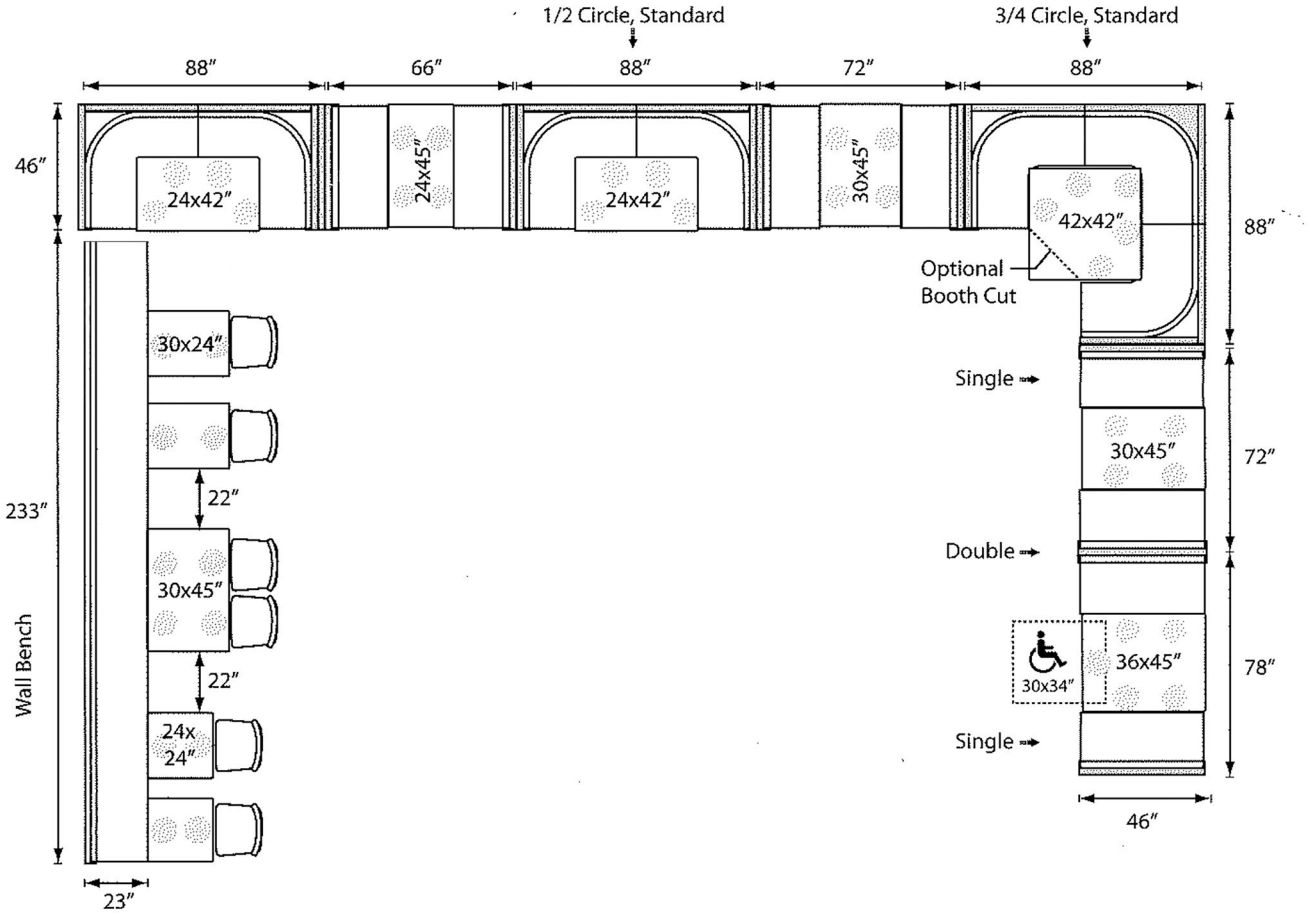

## Space Planning

### Why Booths?:

- In addition to more privacy and comfort, booths tend to add warmth (and revenue) to the front of the house.
- Booths are available in single, double, 1/2 circle, 3/4 circle and wall benches. Using a wall bench with small tables allows easy conversion from couple settings, to large parties.
- Booths can be cost more cost initially, but they are often a better investment in the long run. The square inches of floor space used for a 4 person booth is just over 3,000, while the square inches for a 4 person table can exceed 5,000. That equates to 30% more revenue per seating in a packed house.

### Booth Space Layout:

- A standard layout allows the table edge to align vertically with the outer edge of the booth seat. This provides a comfortable 16-18” seating depth.
- If using 30” wide tables, then booths require 72” from center to center of top caps.
- If using 24” wide tables, the space between booths can be reduced to 66” between the center of top caps.
- Note: Cantilever bases are recommended when using 24” tables with booths. Standard table bases limit the clearance between the booth and column to 10.5 inches when using a 24” table in a booth seating.
- Shading representing 10” plates is shown on the diagrams below.

# Tables & Chairs

## Space Planning

**Aisle Widths:**

- Wait staff aisles can be 24” to 30”, with service/main aisles 36”.
- Allow square inches per seat for:
- Banquet (close seating): 96-120 sq/in per person
- Casual Dining: 120-144 sq/in per person
- White Tablecloth (spacious seating): 144-168 sq/in per person
- Shading representing 10” plates is shown on the diagrams below.

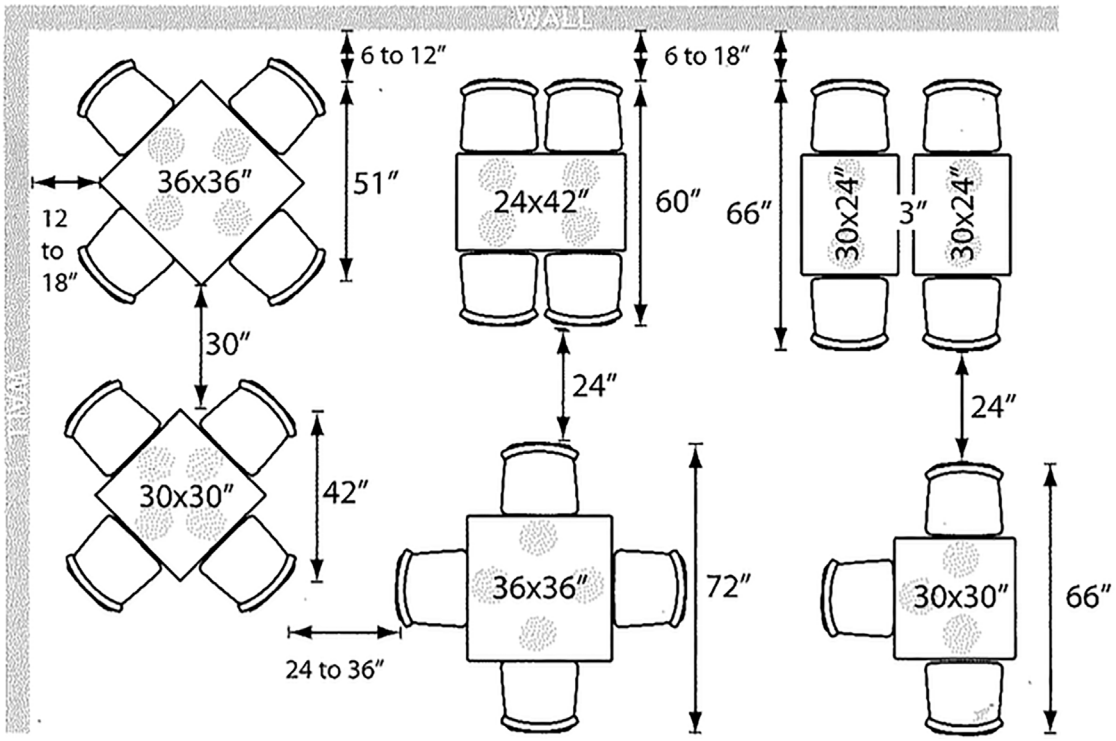

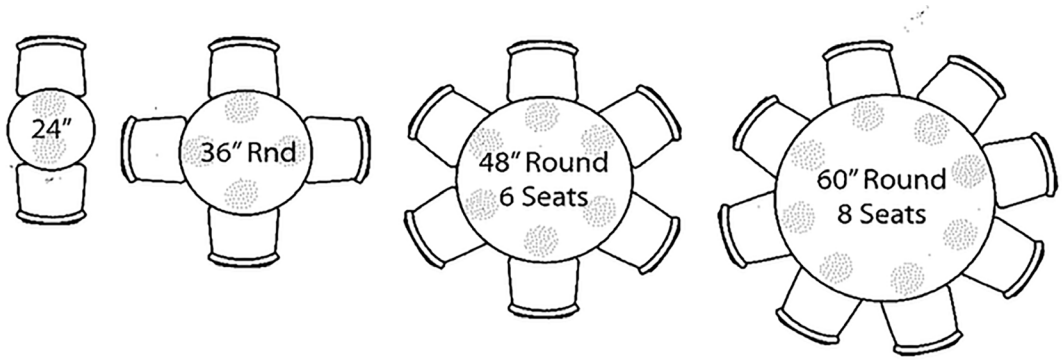

**Table Sizes / Space Notes:**

- The architectural standard for dining suggests that 300 square inches table space be allowed per diner.
- 24” table width is a minimum, suitable for a diner. 30” is the standard width. Family dining with platters in the center should consider 36” widths.
- Note, in a booth, that a 24” table’s column only allows 10.5” for the patron’s feet as the slide over. Cantilever Bases are recommended for booths with 24” table widths.
- Shading representing 10” plates are shown on the diagrams below.

# Terms & Conditions

**ATS sells to approved dealers, designers, contractors and consultants only.** By submitting a purchase order to ATS you accept and agree to abide by the terms and conditions contained herein.

Note: An ATS' order acknowledgment, created from the customer purchase order is considered a written agreement to perform the work as specified by the order acknowledgement (see Ordering below).

**Please review all ATS communications carefully.**
**ATS is NOT responsible for acknowledgment errors unless noted within 24 hours of receiving the order acknowledgment.**

## Pricing Information

All prices included are list prices, US dollars, F.O.B. ATS' factory in Stone Mountain, Georgia. **Prices are subject to change without notice.**

**DISCOUNTS:** Discounted pricing is available to approved customers.

## Credit Information

**CREDIT TERMS:** ATS offers net terms to approved customers. ATS accepts payment via American Express, MasterCard, Visa, Check, Money Order or Wire Transfer.

**HOLD STATUS:** An account may be placed on "Hold" if past due balance(s) exist. Hold status prevents data entry, scheduling and acknowledgement of any new order(s) on that account.

**NEW ACCOUNTS:** New accounts (before final account approval) require 50% advance payment with the order. Full payment, or final approval of terms is required before shipment.

**DEDUCTIONS FROM INVOICES:** Deductions from an ATS invoice requires written approval of the credit department. Non-approved deductions may result in an account being put on "Hold" status.

**RETURNED CHECKS:** Any account whose check payment is returned to ATS for insufficient funds may have their terms changed to "Cash/Certified Funds". A return check fee of $35 applies for each rejected deposit attempt.

## Ordering Information

**PURCHASE ORDERS:** All purchase orders must be submitted in writing. Orders cannot be entered, processed or scheduled for production until credit terms and all questions pertaining to the order are satisfied.

To avoid delays, all purchase orders should include the following:

1. Purchase order number.
2. ATS model number.
3. Quantity.
4. Frame finish (color).
5. Specific identification of upholstery or laminate.
6. Quoted price (with details on any price adjustments).
7. Shipping instructions (collect, prepaid, 3rd party & carrier).
8. Specific requested shipping date.
9. All special instructions or custom changes.

Note: When the order requests a ship date of ASAP, ATS will schedule that order to ship at earliest production / ship date possible.

**PRODUCT MATCHING / SPECIFICATIONS:** ATS reserves the right to change and improve product specifications and designs without notice. Under no circumstances can ATS guarantee an exact product match to previous orders. If an order should attempt to match a previous shipment, it must be clearly stated on the new purchase order with the original invoice number to be matched.

ATS reserves the right to discontinue, or modify materials and products without notice. Customers will be notified of any modifications or changes impacting an order in process.

**CUSTOMER ORDER CHANGES:** Acknowledged orders cannot be changed without approval by ATS. All requests for changes must be submitted in writing. Order changes requested within 4 business days of scheduled shipping or pick-up date cannot be processed.

Customer is responsible for all 'additional' costs incurred by ATS prior to the approved change, including but not limited to the purchase of laminate, upholstery, other materials, supplies and labor obsoleted by the change. ATS will acknowledge approved changes in writing..

**ORDER CANCELLATIONS:** Acknowledged orders cannot be cancelled without approval by ATS. All requests for cancellations must be submitted in writing. If request is approved, customer is responsible for all costs incurred by ATS prior to the approved cancellation, including but not limited to the purchase of laminate, upholstery, all other materials and supplies, and all labor. ATS will acknowledge approved cancellations in writing.

**SHIPPING / PICK-UP DELAYS:** ATS realizes that some customer requested delays are inevitable. As such, ATS (upon written request) can hold completed orders for 5 business days beyond the scheduled completion date. In the event of a customer delay beyond 5 business days, the order will be invoiced on the 6th day and relocated to a storage facility until released for pick-up. Customer is responsible for all storage costs. Additionally an ATS storage fee will be charged at the rate of $5.00 per pallet per day beginning with the 6th business day.

**WOOD STANDARDS & REGULATIONS:** U.S. Commercial Standards/ Regulations require us to advise you that a wood product may experience some degree of warpage and thickness variation. We do not warranty warpage. If you feel that you need to discuss this, please do not hesitate to contact us.

**CUSTOMERS OWN MATERIAL (COM):** All COM yardage quotes are based on 54" wide plain material. Additional yardage may be required, if material is striped or patterned, especially if matching or large repeats are involved. ATS can provide assistance in estimating additional yardage needs. Though every effort will be made to estimate the extra yardage required for stripes or pattern matches, ATS assumes no responsibility when additional yardage must be ordered.

ATS is NOT responsible for the tailoring, durability, or quality of COM material. Also, ATS reserves the right to refuse use of any COM that we deem inappropriate for its intended application.

All COM packages should be sent to ATS, 1750 Stone Ridge Dr., Stone Mountain, GA, 30083 and clearly marked on the exterior and interior with:

1. Company name.
2. Purchase order number.
3. ATS order number.
4. COM pattern identification.

Purchase orders requiring COM should include the following information:

5. COM supplier name.
6. COM pattern and color identification.
7. ATS model number(s) to which COM is to be applied.
8. Instructions for proper COM application. This includes:
   - *Directional information including stripes and patterns.*
   - *Correct side of COM material to be utilized.*

If no instructions are received, striped or directional material will be applied vertically and front to back. In the absence of instructions, additional judgments regarding COM application may be made by ATS with no recourse.

**NOTE: All information herein supersedes all information in previous price lists, T&C, quotations, catalog pages and swatch cards, and is subject to change without notice.**

## Order Acknowledgement

**ATS provides written order acknowledgements confirming receipt, order details and acceptance of a purchase order.** The order acknowledgement is considered a written agreement to produce, ship and invoice items as specified on the acknowledgment.

**ATS is NOT responsible for acknowledgment errors unless noted within 24 hours of receiving the order acknowledgment.**

The following conditions must be met to produce an order acknowledgement:

1. Customer credit status has been reviewed and approved.
2. All required information on purchase order is complete.

**Customers must review the order acknowledgement** and ensure that it matches the purchase order with respect to product specifications, pricing, quantity, color, upholstery, freight, scheduled ship date, etc. ATS is responsible for shipping exactly those items as specified on the order acknowledgement.

**LEAD TIMES:** ATS will acknowledge an order's scheduled ship or pick-up date based upon.

3. The earliest possible date based on materials availability and current production commitments, or
4. A customer's requested ship date that falls beyond our current lead times.

Any request for a ship or pick up date sooner than current ATS lead times will be considered and may be accommodated. If approved, an additional expedite fee, a minimum of 15%, will apply.

**ATS will not be held responsible for shipment delays due to factors beyond the control of ATS.**

## Freight & Handling - Quotes / Charges

ATS ships only to points within the continental United States. ATS will provide freight quotes based on information contained in the customers purchase order. Orders will ship freight collect, prepay and add, or 3rd party billing as specified. ATS chooses the carrier for prepay and add.

**HOW WE PACKAGE**

**ATS Booths and Wall Benches** are bagged, padded, palletized and boxed. For LTL shipments, orders that are shipped as full truck loads will not be palletized, but will be floor loaded. After inspection and approval, our booths are wrapped with heavy duty commercial grade stretch wrap and fastened inside a heavily constructed box on reinforced pallet, then banded for stability.

We custom cut our boxes to 'angle' the tops to prevent stacking.

We then shrink wrap and mark with "ATS -- Do Not Stack" caution tape.

Our goal is to ensure that the quality that leaves our dock, reaches the customer's door, perfect & undamaged.

**ATS Chairs and Barstools** are padded and boxed to ensure maximum protection during shipment. Pallets of products are wrapped with heavy duty commercial grade stretch wrap and marked/wrapped with "ATS - Do Not Stack" caution tape.

**ATS Tables, Bases and Trash Receptacles** are boxed, palleted, and banded. The shape of the package is built in such a way as to discourage stacking during transfer / transit. We also wrap with heavy duty commercial grade stretch wrap and further marked and wrapped with "ATS -- Do Not Stack" caution tape.

**FREIGHT PRICING:** ATS' freight quotes include all freight and handling & support charges. While ATS attempts to negotiate market favorable rates, ATS cannot guarantee that its rates will be the lowest.

**CHANGES / SPECIAL REQUIREMENTS:** Shipping changes in delivery specifications, or scheduling while in route, or customer's failure to specify all delivery requirement(s) will result in an additional freight charges and are the responsibility of the customer.

A partial list of chargeable delivery specification requirements include:

1. Limited access delivery.
2. Residential or noncommercial delivery.
3. Lift-gate services.
4. Inside delivery.
5. Limited delivery times (i.e.; only between certain hours).
6. Weekend delivery.
7. Call before delivery notification.
8. Driver's labor associated with off loading.

Additional chargeable changes during shipment include:

9. Re-delivery.
10. Storage
11. Re-consignment.
12. Additional services requested by the consiqnee at dilivery will be the responsibility of the customer.

Note: Drivers are under no obligation to assist with off loading unless specific previous arrangements are made.

## FREIGHT CLASS INFORMATION

Freight class is a rating based on density and/or the NMFTA system of storability, density, stowability, handling and liability. Using freight classes assure that the carriers get proportionally compensated for lighter products that use up a lot of space. Furniture by nature, is going to have a lower density, and a higher freight class (costing more per pound).

NMFTA Carriers will use the NMFC Code to determine class. Non-NMFTA carriers will use density.

Standard freight classes based on density and NMFC for ATS restaurant furniture are as follows:

| Item | Density | NMFC | Density/NMFC |
|---|---|---|---|
| Booths | 2.77-3.98 | 27880 | 250 / 150 |
| Wood Barstools | 2.41 | 80580 | 250 / 250 |
| Metal Barstools | 2.85 | 80580 | 250 / 250 |
| Metal Chairs | 4.17 | 80580 | 200 / 150 |
| Trash Receptacles | 3.02 | 39270 | 200 / 200 |
| Table Tops | 22.68 | 83620 | 85 / 70 |
| Table Bases | 22.68 | 82790 | 85 / 70 |

* Freight Quotations are valid for 15 days

## Pick-up Policy

ATS will schedule a pick-up with customers prior to order completion

**PICK-UP DELAYS:** Please see Shipping Delays. Same rules apply.

**PACKAGING OF PICK-UP ORDERS:** Pick-up orders will be packed as standard unless otherwise specified on the purchase order.

Removal of the cartons and skids may be done by the pick-up party, after pulling away from the ATS dock. Proper disposal of cartons and pallets are the responsibility of the pick-up party.

**PARTIAL PICK-UP:** For multiple pick-up trips or dates, please submit separate purchase orders.

**PICK-UP VEHICLE:** The vehicle must be appropriate. Examples of an inappropriate vehicle include:

1. Too small a vehicle for the amount of items being picked up.
2. A vehicle lower than standard dock height; especially when pallets and large/heavy items are being picked up.
3. Any vehicle lacking sufficient wall height to properly secure the load.

We reserve the right to refuse the release of merchandise to any pick-up party utilizing a vehicle deemed inappropriate by ATS.

## DAMAGE & SHORTAGE CLAIMS

**It is customers' responsibility to inspect the entire shipment delivery and report issues to ATS within 5 days of receipt.**

ATS accepts no responsibility for freight related issues reported 6 or more days after receipt of shipment**.**

3RD Party Shipments: ATS accepts no responsibility for freight related issues with third party carriers.

VISIBLE DAMAGE: To prevent additional charges... **DO NOT REFUSE THE SHIPMENT**.

- Note all damage on the delivery receipt before signing for goods.
- Keep a record of driver's name and anyone the customer may talk with at the carrier.

CONCEALED DAMAGE: Original packaging must be kept for the carrier, or the claim will be voided.

FREIGHT CLAIM PROCESSING: Any claim against ATS or the carrier for damaged goods must include appropriate damage notation on delivery receipt, photos and signed verification **within 5 days of delivery receipt**.

Using ATS' Warranty Evaluation form will expedite the process (available via the online sale resource center at atsfurniture.com).

## WARRANTY & RETURNS

**Customer assumes responsibility for normal wear and tear.** Products sold as 'closeouts', 'as-is' and 'used' have no warranties.

**LIMITED WARRANTY:** ATS warrants all ATS products to be free of manufacturer defects in material and workmanship for one year from the original date of purchase unless otherwise noted. Welded steel frames, excluding stack chairs, are warranted for 5 years against broken or fatigued welds. Outdoor furniture is 1 year against broken or fatigued welds. Table base is lifetime warranty against broken or fatigued welds.

ATS warranty responsibility is limited to the cost of replacement or repair (at ATS' discretion) of the ATS products. FOB Tucker, GA.

**NON-WARRANTY RETURNS:** Used or custom products cannot be returned. No product may be returned for credit or exchange without prior written authorization from ATS. Approved returns are subject to a minimum restocking and handling fee of 25%, and freight prepaid.

**WOOD STANDARDS & REGULATIONS:** U.S. Commercial Standards/ Regulations require us to advise the customer that a wood product may experience some degree of warpage and thickness variation. We do not warranty warpage.

**WARRANTY CLAIMS:** ATS is not responsible for warranty claims reported after 30 days from first recognition of the issue by the enduser. Once a claim is processed, ATS will work directly with the enduser to satisfy all warranty claims. All warranty claims must be provided in writing on ATS Warranty Evaluation form.

# Warranty info

**LIMITED WARRANTY:** ATS MFG warrants all MET Stainless Steel & FLO Faucet products, when properly installed and subject to normal use, are free from defects in material or workmanship for a period up to one (1) year.
With regard to these equipment, a defect shall refer to a variance from the design specifications that prohitbit the Equipment from operating for its intended use. The Warranty provided by ATS MFG does not impose any duty or liability upon ATS MFG for degradation that occurs in the normal course over time, or due to improper installation of the Equipment by Purchaser or their representative.

Determination of repair or replacement will be at the sole discretion of ATS MFG.

**EXCLUSION FROM WARRANTY COVERAGE:**

A. Any damage occuring, at any time, during shipping of Equipment unless otherwise provided for in the Agreement. When returning Equipment to ATS MFG for repair or replacement, Purchaser assumes all risk of loss or damage, and agrees to use any shipping containers that might be provided by ATS MFG and to ship the Equipment in the manner prescribed by ATS MFG;
B. Any damage caused by improper installation and/or use, overloading, accident, improper storage, or neglect, alterations, modifications, or additions;
C. Any statement made about the product by salesman, dealers, distributors or agents, unless such statements are in a written document signed by an officer of ATS MFG. Such statements are not included in a signed writing do not constitute warranties, shall not be relied upon by Purchaser and are not part of the contract of sale.

**PURCHASER'S INSPECTION UPON RECEIPT OF EQUIPMENT:** All Equipment shall be carefully inspected by Purchaser upon receipt, be installed by persons who are trained and certified professionals with respect to such installation, and be installed, used, repaird and maintained by Purcahser in accordance with all applicable local laws, codes and regulations.

**ASSIGNMENT OF RIGHTS:** The Warranty contained herein extends only to the original Purchaser of the Equipment and no attempt to extend the Warranty to any subsequent user or transferee of the Equipment shall be valid or enforceable without the express written consent of ATS MFG. Any attempt by Purchaser to assign this Warranty shall render the Warranty.
